

Ask the question

```
graph TD; A[Ask the question] --> B[Design the study]; B --> C[Collect the data]; C --> D[Describe and summarise the data  
Describing variables]; D --> E[Analyse the data]; E --> F[Report the results];
```

The diagram is a vertical flowchart with six rectangular boxes connected by downward-pointing arrows. The boxes are light blue with dark grey text. The first four boxes are standard, while the fifth box has a thick dark grey border. The text in the boxes represents the steps of a research process: asking a question, designing a study, collecting data, describing and summarizing data, analyzing data, and reporting results.

Design the study

Collect the data

Describe and summarise the data

Describing variables

Analyse the data

Report the results
